Innovative Solutions  
Empowering  
Employers and  
Employees

**Information... control... convenience...  
all waiting at your fingertips.**

Running a business involves several levels of personnel administration—from calculating hours and wages, to managing taxes and tracking employee development. The amount of paper generated through these tasks can be overwhelming. What if you could save time, money, resources—and paper—while effectively managing vital employee information? Now you can.

## Online Employer offers:

- **Payroll:** Instant processing, customizable information, streamlined payroll operations.
- **HR Info System:** Employee Self Service is a fully web-based solution that enables employees to access information 24x7.
